KiloWatts
Love On Saturn

Philadelphia's James Watts is back in action: following his releases as one half of Mothership's Voodeux, he continues to develop his distinctive Thoughtless sound with playful grooves, twisted melodic structures and plenty of spacey effects. Defining a new hybrid of techno and house all his own - with influences ranging from intergalactic jazz to visionary funk - this collection might just be enough to make you fall in love, regardless of the planet you're on...

01. Love On Saturn
02. Polar Orbit
03. Hyperion Hustle
04. Hyperion Hustle (In Retrograde)
